Audio

SPT-CSS-010 *Portable Noise Generator*

Description

Optimized voiceband noise masking for acoustic interference against listening devices such as microphones and tape recorders.

\$ 299.95 CAD

SPT-CSS-011 *Portable Noise Generator*

Description

Optimized voiceband noise masking for acoustic interference against listening devices such as microphones and tape recorders.

\$ 349.95 CAD

SPT-CSS-012 *Noise Generator*

Description

Designed to create a perimeter of noise around a target area that defeats wired microphones inside walls, contact microphones, audio transmitters located in AC ...

\$ 1,199.95 CAD

Have any questions?

Call us at 514-259-4884.

Audio

SPT-SWT-DBH *Wired Microphone detector*

Description

Portable acoustically stimulated microphone detection system.

\$ 16,800.95 CAD

Have any questions?

Call us at 514-259-4884.

Telephonic

SPT-CSS-006 *Wire tap phone & fax professional analyzer*

Description

The SPT-CSS-006 digital phone & fax bug deactivator will protect your telephone/fax line against any uninvited bug or automatic wiretapping devices.

\$ 299.95 CAD

SPT-CSS-007 *Wiretap phone detector*

Description

The SPT-CSS-007 is a test set that lets you quickly and easily check both single and two line phone systems for series and parallel taps.

\$ 599.95 CAD

SPT-CSS-009-CELL *Anti-Tapping Device for Cellphone*

Description

This anti-tapping device is the perfect solution to keep your cellphone communication safe and private.

\$ 359.95 CAD

Have any questions?

Call us at 514-259-4884.

Telephonic

SPT-CSS-009-LL *Anti-Tapping Device for Landline*

Description

The anti-tapping device is the perfect solution to keep your landline communication safe and private.

\$ 0.95 CAD

SPT-CSS-008 *The CMA-100 (Professional detection device)*

Description

The Countermeasures Amplifier (CMA-100) is a high gain audio amplifier used to detect and identify certain types of surveillance devices attached to building wi...

\$ 1,899.95 CAD

SPT-CSS-008-CELL *Anti-tapping system for cellphone*

Description

This anti-tapping device is the perfect solution to keep your cellphone communication safe and private.

\$ 359.95 CAD

Have any questions?

Call us at 514-259-4884.

Telephonic

SPT-CSS-017 *The TALAN (Professional detection package)*

Description

This Telephone and Line Analyzer provides a complete integrated suite of tools to analyze, inspect, and test digital telephone lines (and other wiring) for taps...

\$ 24,999.95 CAD

Have any questions?

Call us at 514-259-4884.

NLJD Detectors

SPT-CSS-016 *The ORION, Non-linear junction detector 900Mhz*

Description

The ORION provides the capability to detect hidden electronic devices, regardless of whether the device is radiating, hard wired, or even not turned on at all. ...

\$ 20,699.95 CAD

SPT-ELV-LN36 *3.5Ghz Non Linear Junction Detector*

Description

This Non Linear Junction Detector (NLJD) is useful for the detection of all types of electronic espionage devices, whether they're on or off. This NLJD is cap...

\$ 17,999.95 CAD

SPT-NRS-B2 *Hand Held 2.4 GHz Non Linear Junction Detector*

Description

This NLJD is ideal for inspection of difficult hard to reach areas or in confined areas such as furnitures, vehicles, aircraft or marine vessels as well as for...

\$ 9,999.95 CAD

Have any questions?

Call us at 514-259-4884.

NLJD Detectors

SPT-XTS-2500 *Non Linear Junction Detector, 2.5Ghz*

Description

This detector scans all available operating frequencies and measures the ambient RF signal levels. The optimum frequency is chosen and automatically selected in...

\$ 22,399.95 CAD

Have any questions?

Call us at 514-259-4884.

RF Detectors

SPT-CSS-001 RF signal detector (Analog and digital)

Description

This tool can detect almost all the devices that transmits radio frequencies (hidden cameras, hidden microphones, bugs, cell phones, WLAN, Wi-Fi, etc.).

\$ 159.95 CAD

SPT-CSS-002 RF and IR signal detector

Description

For those who need a very sensitive radio frequency (RF) detector plus an infrared (IR) detector. Detects hidden cameras, cell phones, bugs, hidden microphones ...

\$ 299.95 CAD

SPT-CSS-013 Professional portable sweep kit

Description

This unit is a broadband receiver designed to detect and locate all major types of electronic surveillance devices including room, phone, body bugs, video trans...

\$ 1,999.95 CAD

RF Detectors

SPT-CSS-022 *Advance Wireless Camera Scanner*

Description

This wireless camera hunter will scan all 1.2, 2.4, 5.8 GHz frequencies and show you the video signal of all cameras up to 300 feet*

\$ 699.95 CAD

SPT-CSS-SC-1PLUS *Intelligent Frequency Counter*

Description

The Aceco SC-1PLUS hand-held radio frequency counter is compact, truly pocket-sized, versatile test instrument designed for measuring any digital, on/off keying...

\$ 299.95 CAD

SPT-LAW-250X *Pocket Size Wireless Camera Scanner*

Description

RF AV Full Range Scanner

\$ 549.95 CAD

Have any questions?

Call us at 514-259-4884.

RF Detectors

SPT-LAW-300X *Recording Wireless Camera Scanner*

Description

Recording RF AV Full Range Scanner

\$ 649.95 CAD

SPT-LAW-MD40 *Advanced Mobile Phone/GPS Detector*

Description

This digital RF detector will detect the presence of any cellphone and real time GPS tracking devices working on GSM, CDMA, WCDMA, DCS frequencies.

\$ 499.95 CAD

SPT-CSS-014-DLX *REI CPM-700 Deluxe professional portable sweep kit*

Description

This unit is a broadband receiver designed to detect and locate all major types of electronic surveillance devices including room, phone, body bugs, audio and v...

\$ 4,299.95 CAD

Have any questions?

Call us at 514-259-4884.

RF Detectors

SPT-CSS-018 OSCOR Blue Spectrum Analyzer (professional detection system)

Description

The Oscor Blue Spectrum Analyzer quickly detects and localizes transmitting electronic surveillance devices.

\$ 1.95 CAD

SPT-CSS-018G OSCOR Green Spectrum Analyzer (professional detection system)

Description

The Oscor Green Spectrum Analyzer quickly detects and localizes transmitting electronic surveillance devices.

\$ 35,000.95 CAD

Have any questions?

Call us at 514-259-4884.

Specialized Tools

SPT-CSS-003 *Wired or wireless hidden camera detector*

Description

This device locates wired or wireless cameras. Perfect if you suspect of being under the surveillance of someone.

\$ 99.95 CAD

SPT-CSS-020 *Wire and pipe locator*

Description

Used to locate wire, pipes and cables of all kinds.

\$ 299.95 CAD

SPT-PBC-SH *Cell Phone Jammer Bag*

Description

This bag can block cell phone from receiving calls. Your numbers appear unavailable or busy network for person calling you. It works with all networks and easil...

Specialized Tools

SPT-SHT-LSD *Laser Surveillance Defeater*

Description

The Laser Surveillance Defeater is a unique countermeasure device against laser surveillance.

\$ 69.95 CAD

SPT-SKA-SP2 *Camera detector*

Description

This device locates wired or wireless cameras. Perfect if you suspect of being under the surveillance of someone.

\$ 0.95 CAD

SPT-REI-VPC-64 *Inspection pole camera 6.5 feet with a 6.4 inch monitor*

Description

Inspect drop ceilings, behind immovable objects, around corners, or other difficult to reach areas, even in dark situations with the Pole Camera.

\$ 2,299.95 CAD

Have any questions?

Call us at 514-259-4884.

Specialized Tools

SPT-REI-VPX-64 *Inspection pole camera 12.5 feet with a 6.4 inch monitor*

Description

Inspect drop ceilings, behind immovable objects, around corners, or other difficult to reach areas, even in dark situations with the Pole Camera.

\$ 2,999.95 CAD

SPT-SKA-S20 *Camera detector*

Description

This device locates camera lens. Perfect if you suspect of being under the surveillance of someone.

\$ 9,999.95 CAD

SPT-SKA-S30 *Camera detector*

Description

This device locates wired or wireless cameras. Perfect if you suspect of being under the surveillance of someone.

\$ 11,999.95 CAD
